

Peace in Our Hearts

Eliza Gilkyson

We're gonna walk together arm in arm with peace in our hearts
We're gonna walk together arm in arm with peace in our hearts
Gonna walk together arm in arm
So our sisters and brothers won't come to any harm
We know we got peace in our hearts

We're gonna walk with every color and tribe with peace in our hearts
We're gonna walk with every color and tribe with peace in our hearts
We're gonna walk with every color and tribe
'Cause we're stronger together when we're on the same side
We know we got peace in our hearts

We're gonna stand for the Earth and the children too with peace in our hearts
We're gonna stand for the Earth and the children too with peace in our hearts
Gonna stand for the earth and the children too 'Cause it will take everyone to make this dream come true

We know we got peace in our hearts

We're gonna stare into the face of the hateful mind with peace in our hearts
We're gonna stare into the face of the hateful mind with peace in our hearts
We're gonna stare into the face of the hateful mind
All we gotta do is let our lovelight shine
We know we got peace in our hearts

We're gonna walk together arm in arm with peace in our hearts
We're gonna walk together arm in arm with peace in our hearts
Gonna walk together arm in arm
So our sisters and brothers won't come to any harm
We know we got peace in our hearts
We got so much love
We know we got peace in our hearts
