## **Stupid Things**

## **Elizabeth Cook**

Love makes you do stupid things, Like takin' vows an' buyin' diamond rings. An' gettin' up to summertime flings. Love makes you do stupid things.

Love makes you wanna buy a car. Dress up like a big rock star. Play like a Queen's and King's. Love makes you do stupid things.

The unavoidable truth,
Is love's gonna make a fool of you.
Tie together your shoes,
'Cause you can't walk away.

Love makes you do stupid things, Like forgettin' what a good friend means. Runnin' every time the telephone rings. Love makes you do stupid things.

Instrumental break.

The unavoidable truth,
Is love's gonna make a fool of you.
Tie together your shoes,
You can't walk away.

Love makes you wanna write a song, Get everybody to sing along. Rings from many a guitar strings: Love makes you do stupid things.

Love makes you do stupid things.
