

Come Along

Elize

Wanna come along inside...
Baby, come along...
Baby, give me a sign
Is my heart on the line
Now, is up to you
Baby, show me feel, like I do
I'm the one for you, you're the one for me
Oh baby is a fantasy
Come along with me
I will make you see that we are meant to be

Wanna come along inside...

Come, come with me, come along
Show me who you are in your heart, bring it on
Don't you feel the same that I'm feeling tonight?
Baby come with me, come along for a ride

Come along with me

Baby, show me I'm right
There's no reason to hide
If you open your mind
You will know that we're two of a kind
I'm the one for you, you're the one for me
Oh baby is a fantasy
Come along with me
I will make you see that we are meant to be

Wanna come along inside...

Come, come with me, come along
Show me who you are in your heart, bring it on
Don't you feel the same that I'm feeling tonight?
Baby come with me, come along for a ride

Baby, come along
Come along with me
Baby, come along
Come along with me
Baby, come along
Come along with me

Come along with me
I will make you see that we are meant to be

Wanna come along inside...

Come, come with me, come along
Show me who you are in your heart, bring it on
Don't you feel the same that I'm feeling tonight?
Baby come with me, come along for a ride

Baby, come along
Come along with me
Baby, come along
Come along with me

Baby, come along
Come along with me
