Let's Dance

EliZe

Uh, oh yeah
Let me spin your head into a trance, trance, trance, trance...

I like what you do when you move it
I like when you move it like this
It's time to get out on the dance floor
I like it when we do it like this
Oh, oh, oh
I wanna dance with you baby (baby)
I wanna move it like this (this)
Take a chance with me baby
And move to the music, dance to the beat

Let me dance with you
I've been watching you
Let me spin your head into a trance
Let me dance with you
'Cause I'm wanting you
It's a vertigo I call romance

I like what I feel, boy you move me
I like when I'm feeling like this
It's time to get out on the dance floor
I like it when we do it like this
Oh, oh, oh
I wanna dance with you baby (baby)
I wanna move it like this (this)
Take a chance with me baby
And move to the music, dance to the beat

Let me dance with you
I've been watching you
Let me spin your head into a trance
Let me dance with you
'Cause I'm wanting you
It's a vertigo I call romance

Let's dance, let's dance (let's dance now baby)
Let's dance, let's dance (oh yeah)
Let's dance
Baby, baby, baby
Let's dance
Baby let's dance
Baby let's dance

Oh, oh, oh
I wanna dance with you baby (baby)
I wanna move it like this (this)
Take a chance with me baby
And move to the music, dance to the beat

Let me dance with you
I've been watching you
Let me spin your head into a trance (yeah, yeah)
Let me dance with you
'Cause I'm wanting you
It's a vertigo I call romance (come on baby)

Let me dance with you
I've been watching you
Let me spin your head into a trance (oh yeah)
Let me dance with you
'Cause I'm wanting you
It's a vertigo I call romance
Yeah, yeah let's dance
Let's dance (oh yeah)
Let's dance
Baby let's dance
It's a vertigo I call romance
Let's dance
