

Sexually Healing

Elize

I can fight it
Oh baby I can move on

Tell me what is going down
Move with my body all round
I know I've been here before
Going for the healing out the door
It's a feeling in my soul
Coming like a tide is on the road
It's the heat that makes me burn
Going for the point of no return

It's a fighter
A desire
Can get it out tonight
And I want it
Cause I feel it
Burning deep inside

I'm checking out the moon is right
The heat is on it's a Saturday night
Why can't find the feeling
So much sexual peeling
Looking for my mister right
The one that want to hold me tight
Cause I just find the feeling
Sexual healing
I can fight it

Tell me I'm asking much
I only want to feel the tender touch
Coming like a wave tonight
Going for the healing by my side
All the back is hard to do
Going for the feeling coming through
You're the one that makes me burn
Going for the point of no return

It's a fighter
A desire
Can get it out tonight
And I want it
Cause I feel it
Burning deep inside

I'm checking out the moon is right
The heat is on it's a Saturday night
Why can't find the feeling
So much sexual peeling
Looking for my mister right
The one that want to hold me tight
Cause I just find the feeling
Sexual healing
I can fight it

Just the way I can hide it
Oh baby I can move on

So I just let it show
Oh baby I can fight it
Just the way I can hide it
Oh baby I can move on
So I just let it show
I can fight it
Oh baby I can move on

It's a fighter
A desire
Can get it out tonight
And I want it
Cause I feel it
Burning deep inside

I'm checking out the moon is right
The heat is on it's a Saturday night
Why can't find the feeling
So much sexual peeling
Looking for my mister right
The one that want to hold me tight
Cause I just find the feeling
Sexual healing
I can fight it

Just the way I can hide it
Oh baby I can move on
So I just let it show
Oh baby I can fight it
Just the way I can hide it
Oh baby I can move on
So I just let it show
I can fight it
Oh baby I can move on

I can fight it
