

Night Bird

Elkie Brooks

night bird, ooh night bird
night bird, ooh night bird
night birds love to stay at home a-huggin' and a-
kissin'
night birds gotta roam 'cause there's something they
might be missing
whenl those funky neon signs light up the sky
i put on my very finest feathers and i fly
ooh, we got a night bird
baby, i'm a midnight creeper
ooh, we got a night bird
baby, i'm an all-day sleeper
night time's when the night birds love to fly all
around
doing the rounds, checking it out
every night night birds on the town
night bird, ooh night bird
night bird, ooh night bird
some girls like to wake up early in the morning
halfway through the afternoon i'm half asleep and
yawnin'
but when those shadows call i kick off the sheets
'cause when that sun goes down it's time for me to hit
the streets
ooh, we got a night bird
baby, i'm a midnight creeper
ooh, we got a night bird
baby, i'm an all-day sleeper
night time's when the night birds love to fly all
around
doing the rounds, checking it out
every night night birds on the town
night bird, ooh night bird
night bird, ooh night bird
you can lock the door but you know i just can't stay in
oh, i gotta go if i know there's music playing
you know i gotta boogie on down till my babe takes the
check
i gotta shake my tail, shake it till i break my neck
ooh, we got a night bird
baby, i'm a midnight creeper
ooh, we got a night bird
baby, i'm an all-day sleeper
night bird, ooh night bird
night bird, ooh night bird
night bird, ooh night bird
night bird, ooh night bird
night bird, ooh night bird
night bird, ooh night bird
night bird, ooh night bird...
