

## Off The Beaten Track

Elkie Brooks

Walking on my own, never alone 'till now  
Some things in life that meant so much at the time  
Treasure the years, never will they return

Off the beaten track  
Open to attack  
Off the beaten track  
Open to attack  
I'm off the beaten track

Friends from the past. none are by my side  
Easy to lose sight from the direction that's always right

Treasure the years, never will they return

Off the beaten track  
Open to attack  
Off the beaten track  
Open to attack  
Taking a chance  
No turning back

Treasure the years, never will they return

Off the beaten track  
Open to attack  
Off the beaten track  
Open to attack

Off the beaten track  
Open to attack

Treasure the years, never will they return  
Treasure the years, never will they return  
Treasure the years, never will they return
