

## Three Wishes

Elkie Brooks

Who would believe a love that was strong  
Two people that were one  
How could we be so wrong  
I should have known that in time  
A love so hot would cool down  
Like a fool I didn't see  
I'm the last to know in town

Now you've gone  
And you've left me so much pain  
It might sound insane  
But if I had three wishes  
I'd do it all again

Wish number one  
You'll see what you've done  
Wish number two  
You know the pain that I go through  
Wish number three  
You will miss me  
Then you'd regret you ever set me free  
Baby, if I had three wishes  
Baby, baby, oh baby, if I had three wishes  
Three wishes  
You'd run to me and this hurt would end  
And we'll be together again

Oh yeah  
(If I had three wishes)

How can I forget  
Everything I do  
Everywhere I turn  
There's a memory of you  
And when I close my eyes  
I try to sleep in the night  
A voice tells me now  
Don't give up the fight

So I wait  
'Cause you will change your mind  
When your new love leaves you behind  
Then you will run to me  
Baby, you'll see

Wish number one  
You'll see what you've done  
Wish number two  
You know the pain that I go through  
Wish number three  
You will miss me  
Then you'd regret you ever set me free  
Baby, if I had three wishes  
Baby, baby, oh baby, if I had three wishes  
Three wishes  
You'd run to me and this hurt would end  
And we'll be together again

As I make a wish  
To take this hurt away  
If they don't come true  
I'm gonna make it anyway  
I wish that you'd come back  
And want to make you stay  
I'm praying for the day

Wish number one  
You'll see what you've done  
Wish number two  
You know the pain that I go through  
Wish number three  
You will miss me  
Then you'd regret you ever set me free  
Baby, if I had three wishes  
Baby, baby, oh baby, if I had three wishes  
Three wishes  
You'd run to me and this hurt would end  
And we'll be together again

Oh yeah, oh, baby you will run to me  
When you are alone at night  
When there ain't no love in sight  
Oh, come back to me
