

Viva La Money

Elkie Brooks

Got make them holla
Like "ihaa" my lover
Just to how you're ready
Boogie
Make rich cheap nights
To get a good price
All just fall
Somehow

I talk my Viva la money
Viva la money, money
Viva la money
Viva la money
Viva la money

I gotta hot cheap thrill
And you pay, feel your needs
Even get the set of keel
Faith
I hate to the heart
Make plan too small
Can bring the fire
Today, today

Hey
Viva la money
Viva la money, money, money
Viva la money
Viva la money
Viva la money

Viva la money
Viva la money, money
Viva la money
Viva la money
Viva la money
Yeah

And they make you feel good
But it make you bad
And it make you harming
But it make you sad

And it making you do right
But it make you wrong
But it's still wheel raw
Aware, where you go

I talk about Viva la money
Viva la money, money
Viva la money
Viva la money
Viva la money

Viva la money
Viva la money, money
Viva la money

Viva la money
Viva la money

I talk about Viva la money
Viva la money, money
Viva la money
Viva la money, money
I talk about Viva la money
Viva la money, money
Viva la money

Viva la money
Viva la money
