

Will You Write Me A Song

Elkie Brooks

ill you write me a song
Won't you try for me
I will make it my song
Sing it soulfully
I will try to do what you want me to
When you're not there I can sing for you
'Cause I love you
'Cause I love you
'Cause I love you so
I've been waiting so long
For someone who cares
Who sees me as I am
Understands and shares
For the feelings that I have inside
The need to show and not to hide
'Cause I love you

'Cause I love you
'Cause I love you so
I love you so
Will you write me a song
I'll learn the words by heart
Make the music feel so strong
I will play the part
'Cause it happens to mean a lot of things to me
I'll turn that song to a symphony
'Cause I love you
'Cause I love you
'Cause I love you so
I love you so
I love you so
