

Answerphone

Ella Eyre

I've been talking to your answerphone, na na
Something tell me you don't want to know, na na
When I call you, you don't answer phone, na na
You don't love me, you should let me know, na na

I got a feeling
I'm overthinking 'bout thinking you're thinking I'm leaving
(Yeah yeah, yeah yeah, yeah yeah)
But real talk, I need some honesty
Honestly, you better speak up
(Yeah yeah, yeah yeah, yeah yeah)

Days and nights, I lie beside my phone
When you gonna let me know?
When you gonna let me know?
All I hear is "please leave your message after the tone"
When you gonna let me know?

I've been talking to your answerphone, na na
Something tell me you don't want to know, na na
When I call you, you don't answer phone, na na
You don't love me, you should let me know, na na
Let me know, na na

Man down
Said it was nothing but nothing is all that we have now
(Yeah yeah, yeah yeah, yeah yeah)
And now I found out that you got a problem
A problem that you don't wanna talk about
(Yeah yeah, yeah yeah, yeah yeah)

Days and nights, I lie beside my phone
When you gonna let me know?
When you gonna let me know?
All I hear is "please leave your message after the tone"
When you gonna let me know?

I've been talking to your answerphone, na na
Something tell me you don't want to know, na na
When I call you, you don't answer phone, na na
You don't love me, you should let me know, na na
Let me know, na na

Ringin' up my line and that leads me to overthink
See you in the club, smile at me to overdrink
Let me fall for you, you know I'm on the brink
Let me know how deep your love goes
Don't save me, let me say

Days and nights, I lie beside my phone
When you gonna let me know?
When you gonna let me know?
All I hear is "please leave your message after the tone"
When you gonna let me know?

I've been talking to your answerphone, na na
Something tell me you don't want to know, na na

When I call you, you don't answer phone, na na
You don't love me, you should let me know, na na
Let me know, na na

Days and nights, I lie beside my phone
When you gonna let me know?
When you gonna let me know?
All I hear is "please leave your message after the tone"
When you gonna let me know?
I've been talking to your answerphone, na na
