

Careless

Ella Eyre

Why do I care? Why do I do I care?
Why do I care? Why do I do I

Tryna be perfect, yeah
Perfect in your eyes
I know it ain't worth it, no
But, goddamn, I try

All of these eyes on me, eyes on me
Is it for love, or just eyes on me?
Perfect, yeah
That's not real life

Whatever I say, whatever I do
People gon' talk, ain't nothing new
Whatever they say, whatever they do
Whatever, it don't mean it's true

Why do I care? Why do I do I care?
Why do I care? Why do I do I care?
Why am I checkin' if you're checkin' on me?
All of this stressin' be messin' with me
Why do I care? Why do I do I

Tryna be okay, yeah
And we'll put a gut eye
Ain't tryna showcase, no
Something I'm not, yeah

All of these eyes on me, eyes on me
They never see what's inside
But that's okay, uh
Taught me so much

Whatever I say, whatever I do
People gon' talk, ain't nothing new
Whatever they say, whatever they do
Whatever, it don't mean it's true

Why do I care? Why do I do I care?
Why do I care? Why do I do I care?
Why am I checkin' if you're checkin' on me?
All of this stressin' be messin' with me
Why do I care? Why do I do I care?

I should care less, what you think about me
Careless, you ain't losin' no sleep
I should care less, what you think about me
Why do I do I

Whatever I say, whatever I do
People gon' talk, ain't nothing new
Whatever they say, whatever they do
Whatever, it don't mean it's true

Why do I care? Why do I do I care?
Why do I care? Why do I do I care?

Why am I checkin' if you're checkin' on me?
All of this stressin' be messin' with me
Why do I care? Why do I do I care?

I should care less, what you think about me
Careless, you ain't losin' no sleep
I should care less, what you think about me
Why do I do I

I should care less, what you think about me
Careless, you ain't losin' no sleep
I should care less, what you think about me
Why do I do I care?

Why do I do I care?
