

Fall Down

Ella Eyre

Well, you see,
I build these walls between the world and me
Because it was easy, because it was easy
To be that way
But you, you're the only one
To see through
So you can be my second shadow
If you want to
But only if you want to

'Cause you never give up
When the times get tough
Would you ever give up
When you've had enough?
'Cause I would never give up
If it means that much

But if I'm about to fall down,
Would you try and break my fall?
If I'm about to fall down,
Would you follow me at all?
'Cause I know I would
Take a breath, 'cause if you stumble,
I will be right by your side
If you fall down,
I'll fall with you

Do you know how far that you would go
If I needed you there for me,
Need you to care for me?
Right now I see that
That's how it is
You got under my skin
You found a hole and you're
Filling it in, filling it in

'Cause you never give up
When the times get tough
Would you ever give up
When you've had enough?
'Cause I would never give up
If it means that much

But if I'm about to fall down,
Would you try and break my fall?
If I'm about to fall down,
Would you follow me at all?
'Cause I know I would
Take a breath, 'cause if you stumble,
I will be right by your side
If you fall down,
I'll fall with you

With you, with you

But if I'm about to fall down,
Would you try and break my fall?

If I'm about to fall down,
Would you follow me at all?
'Cause I know I would
Take a breath, 'cause if you stumble,
I will be right by your side
If you fall down, I'll fall

If I'm about to fall down,
Would you try and break my fall?
If I'm about to fall down,
Would you follow me at all?
'Cause I know I would
Take a breath, 'cause if you stumble,
I will be right by your side
If you fall down,
I'll fall with you
