Lover man
Lover man
Lover man
Ooh
Lover man
Lover man
Oh

I already made up my mind
When I get in bed tonight
There's nobody to the left or right
Just me myself and no one
Invitation isn't open
Ain't nobody sleeping over
Telling them no
But some guys always wanna to try

They're like, "Ay, yo
Sugar sweet
Where do I get one of you for me?"
I said, "Hell, no
I don't think you can, no"
They're like, "Ay, yo
Baby, please
Don't do church but I'm on my knees"
I said, "Hell, no
You don't understand"

I don't no need lover man
Talking sweet like all the men
Tryna be my
Brother man, no
I don't no need lover man
Talking sweet like all the men
Tryna be my
Brother man

Take it or leave it, no
I don't need, no

Damn
Don't mean to sound so cold
Just tryna mind my own
Tryna feed my soul
Yeah, you know
It ain't selfish
My time ain't no one else's
I got dreams they can't sell me
Some boys only want a toy

They're like, "Ay, yo
Sugar sweet
Where do I get one of you for me?"
I said, "Hell, no
I don't think you can"
They're like, "Ay, yo
Honey, please

Don't do church but I'm on my knees"
I said, "Hell, no
You don't understand"

I don't no need lover man
Talking sweet like all the men
Tryna be my
Brother man, no
I don't no need lover man
Talking sweet like all the men
Tryna be my
Brother man

Take it or leave it, no
I don't need, no
Talking sweet
Talk to me

No, don't need no
No, don't need no
Lover man
Don't need, no
No, don't need no
No, don't need no
No, don't need no
Lover man

I don't no need lover man
Talking sweet like all the men
Tryna be my
Brother man, no
I don't no need lover man
Talking sweet like all the men
Tryna be my
Brother man

Take it or leave it, no
I don't need, no

I don't need no
I don't need no
No, I don't need no
I don't need no
I don't need no
