

# Every Time We Say Goodbye

Ella Fitzgerald

**G** **Emi G Emi** **G Emi Ami7 D7**

Every time we say goodbye, I die a little.

**G** **Ami7 B D7** **G G7** **Cmi**

Every time we say goodbye, I wonder why a little

**G/B** **C#dimi Ami7 D7** **F** **G7 Cmaj7**

Why the gods above me, who must be in the know.

**Cmi** **G** **C#dimi Ami7 D7**

Think so little of me, they allow you to go.

**G** **Emi G** **Emi G Emi Ami7 D7**

When you're near, there's such an air of spring about it.

**G** **Ami7 B D7** **G G7** **Cmi**

I can hear a lark somewhere waiting to sing about it.

**G/B** **C#dimi** **Ami7 D7** **F** **Cmaj7 Cmi**

There's no love song finer, but how strange the change,

**F7** **Bmi7** **Bmi7 Ami7 D7 G**

From major to minor, every time we say goodbye.
