

# McPherson Is Rehearsin' (To Swing)

Ella Fitzgerald

Oh, McPherson is rehearsin'  
And the bagpipes are reversin'  
While McPherson is rehearsin' to swing  
And from Edinburgh to Dundee  
Every lad and every lassie  
Knows McPherson is rehearsin' to swing

Oh, I dinna care, said Sandy  
If the elders now approve  
I've a chick where plans are dandy  
And I'm in a mellow groove  
Now the bonnie bonnie lassies  
With the kilties on their chassis  
Have forgotten all about the highland fling

Young and old folks get together  
And there's truckin' in the heather  
When McPherson is rehearsin' to swing

Oh, I dinna care, said Sandy  
If the elders now approve  
I've a chick where plans are dandy  
And I'm in a mellow groove  
Now the bonnie bonnie lassies  
With the kilties on their chassis  
Have forgotten all about the highland fling

Young and old folks get together  
And there's truckin' in the heather  
When McPherson is rehearsin' to swing
