

Solid As A Rock

Ella Fitzgerald

Solid as a rock
Solid as a rock
Love is as solid as a rock of Gibraltar
So come to the altar with me

You'll only wander wayward if you ramble
May I suggest a license and a ring
When you're in love it's really not a gamble
Cause you're betting on a real sure thing

Solid as a rock
Solid as a rock
Love is as solid as a rock of Gibraltar
So come to the altar with me

(Hey!)

Solid as a rock
Solid as a rock (Solid as a rock)
Love is as solid as a rock of Gibraltar (Solid as a rock)
So come to the altar with me (Love is as solid as a rock of Gibraltar)
(So come to the altar with me)

Love's solid as a rock!

Solid as a rock
Solid as a rock
Love is as solid as a rock of Gibraltar
So come to the altar with me

Come to the altar with me [x3]
