

## What's Your Story Morning Glory

Ella Fitzgerald

What's your story, morning glory?  
What makes you look so blue?  
The way that you've been acting  
I don't know what to do  
For I love you sure as one and one makes two  
What's your story, morning glory?  
Got a feeling there's a lot you're concealing  
So won't you tell me that you love me too

What is your story, morning glory?  
You've got me worried too  
A postman came this morning  
And left a note for you  
Did you read it?  
Then you know that I love you  
What's your story, morning glory?  
If I guess it darling will you confess it  
Or won't you tell me that you love me too?  
  
Oh won't you tell me that you love me too?  
What's your story, morning glory?
