

## Yours

Ella Henderson

I wear your winter coat  
The one you love to wear  
So I can feel in close  
To was beyond compare  
The moment we can have  
You catch me in your eyes  
That beauty on my pillow  
They haunt me in the night  
And I will find my strength to untame my mouth  
When I used to be afraid of the words  
But with you I've learned just to let it out  
Now my heart is ready to burst

Cause I, I feel like I'm ready for love  
And I wanna be your everything and more  
And I know every day you say it  
But I just want you to be sure  
That I'm yours

If I've been feeling heavy  
You take me from the dark  
Your arms they keep me steady  
So naive of falling apart  
And I will find my strength to untame my mouth  
When I used to be afraid of the words  
But with you I've learned just to let it out  
Now my heart is ready to burst

Cause I, I feel like I'm ready for love  
And I wanna be your everything and more  
And I know every day you say it  
But I just want you to be sure  
That I'm yours

That I'm yours
