Ella Langley

I'm gonna chase my dreams  
Even if they're all wrong  
I'm gonna fly away - so don't forget me when I'm gone  
My highs are highs and my lows are lows  
That's all she wrote

Don't ever wanna be where I don't wanna be  
So I'm just gonna be right here  
Don't ever wanna be who I don't wanna be  
So I'm just gonna be who I am  
You, me, him, her, yes ma'am, no sir  
It's all a blurrrrrr  
Take me in, let me out, show me what it's all about  
Yeahhhh

The days are bright and the nights are cold  
I feel it in the air  
It's plain to see, but hard to hear  
Is anyone even there?

Don't ever wanna be where I don't wanna be  
So I'm just gonna be right here  
Don't ever wanna be who I don't wanna be  
So I'm just gonna be who I am  
You, me, him, her, yes ma'am, no sir  
It's all a blurrrrr  
Take me in, let me out, show me what it's all about  
Yeahhhh

I'm gonna chase my dreams  
Even if they're all wrong
