

2 O'Clock

Ella Mai

Made my decision, guess it's division
You made it easy to find myself in the distance
Learning to fall back, I'm too committed
You should have paid for my time
Where's the commission?

All my peace, all my trust
You say I do it all for you
So we fuss, then make up
And now I give a fuck for you

Oh, because you love me
And then you love me not
Why do you love me
And then you love me not
Two o'clock in the morning
Shoulda never let your ass inside

Oh, because you love me
And then you love me not
Why do you love me
And then you love me not
Two o'clock in the morning
I don't wanna do this every time

Ay ay ay ay ay
Ay ay ay ay ay

Two o'clock in the morning
Shoulda never let your ass inside

And since we on the topic
I hear the way you talking
You got so many options (please)
I put your ass in profit
Whose watering your garden if it ain't me

All my peace, all my trust
You say I do it all for you
So we fuss, then make up
And now I give a fuck for you

Oh, because you love me
And then you love me not
Why do you love me
And then you love me not
Two o'clock in the morning
Shoulda never let your ass inside

Oh, because you love me
And then you love me not
Why do you love me
And then you love me not
Two o'clock in the morning
I don't wanna do this every time

Ay ay ay ay ay

Ay ay ay ay ay

Two o'clock in the morning
Shoulda never let your ass inside

First we make love, then we hardly speaking
Why we double back every other weekend
Should have moved on, why do I maintain?
Sick of this love shit, so frustrating
First we make love, then we hardly speaking
Why we double back every other weekend
Why's it so damn hard to explain
Sick of this love shit

Oh, because you love me
And then you love me not
Why do you love me
And then you love me not
Two o'clock in the morning
Shoulda never let your ass inside

Oh, because you love me
And then you love me not
Why do you love me
And then you love me not
Two o'clock in the morning
I don't wanna do this every time

Ay ay ay ay ay
Ay ay ay ay ay
Two o'clock in the morning
Shoulda never let your ass inside

Made my decision, guess it's division
Made my decision, guess it's division
