

# Anymore

Ella Mai

You don't need to call anymore  
Don't fuck with you at all anymore  
You don't need to stall anymore, anymore  
We don't keep in touch anymore  
'Cause we ain't in love anymore  
Anymore, anymore, anymore, anymore, anymore

Used to be the one for me baby, baby  
Used to be the one, used to be the one, be the one, babe  
You been switching up on me lately, lately  
You been switching up, you been switching up, switching up, babe

All facts, all facts  
So I'ma hit the club all trap, all trap  
Pull up in the luxe all black, all black  
Crush up this bud, like yeah, yeah, yeah  
Without you baby  
Aw man, aw man  
Now you acting up goddamn, goddang  
Got me criss-cross, fall back, fall back  
Told you from the jump  
Jump back and do bad, bad, bad  
Without you baby

This drama's getting old  
Need to let it go  
Different episode, same old show

All facts, all facts  
I'ma hit the strip all trap, all trap  
Make these bitches rich all cash, all cash  
Choke on this blunt like yeah, yeah, yeah  
Without you baby

You don't need to call anymore  
Don't fuck with you at all anymore  
You don't need to stall anymore, anymore  
We don't keep in touch anymore  
'Cause we ain't in love anymore  
Anymore, anymore, anymore, anymore, anymore

You were like a drug, had me wavy, had me wavy  
You were like a drug, you were like a drug, like a drug, babe  
I don't feel the buzz no more, baby, baby  
I don't feel the buzz, I don't feel the buzz, feel the buzz, babe

All facts, all facts
