Me personally, I think people might think I'm biased because I am a Scorpio, but  
I just think we're misunderstood, like, it's just because we are super passionate and we are all in, like  
So if it's right, a Scorpio lover will probably be the best lover you will ever have  
Like we really are lovers, we're passionate, we're loyal  
But on the flip side  
We can definitely sting, probably the worst of all  
So I can understand why people think we're terrible people but we're really not  
It's just, uh  
We're just passionate, man, we really are
