

Eye Candy

Ella Vos

Everywhere I look, eye candy
Everything you do, eye candy
Everything you touch, eye candy
Eye candy, eye candy

What I like about you
Do I have your attention
When I'm looking at you, honey
Little slice of heaven

Do you like me too?
Gimme your affection
This is something new
Making a love connection

Everywhere I look, eye candy
Everything you do, eye candy
Everything you touch, eye candy
Eye candy, eye candy

Every way you move, eye candy
Everything you do, eye candy
Every day I want, eye candy
Eye candy, eye candy

Let me say what's true
I want you to listen
I'm the one for you
Gonna make you believe it

(Ahh ahh)
That's what we can be
(Ahh ahh)

Everywhere I look, eye candy
Everything you do, eye candy
Everything you touch, eye candy
Eye candy, eye candy

Every way you move, eye candy
Everything you do, eye candy
Every day I want, eye candy
Eye candy, eye candy

That's what we can be

Everywhere I look, eye candy
Everything you do, eye candy
Everything you touch, eye candy
Eye candy, eye candy

Every way you move, eye candy
Everything you do, eye candy
Every day I want, eye candy
Eye candy, eye candy
