

Losing Battle

Ella Vos

I've been rolling like a tumbleweed
Tryna get somewhere tryna find my feet
Think of you every step I take
Wanna drive all night just to see your face

Oh I'm on my way

Cause I'm tired and I wanna go home
Fighting a losing battle with you
Cause I'm drunk and I wanna go home
Fighting a losing battle with you
Ooh

Sit too long gonna lose your shine
Waiting for somebody to help you climb
Digging deep where the water runs
Oh pick me up tell me I'm the one

Cause I'm tired and I wanna go home
Fighting a losing battle with you
Cause I'm drunk and I wanna go home
Fighting a losing battle with you
Ooh

Cause I'm tired and I wanna go home
Fighting a losing battle with you
Cause I'm drunk and I wanna go home
Fighting a losing battle with you
Ooh
