

Mindreader

Ella Vos

You cut me deep into the bone
Tear me apart, don't let me go
Into your arms again
Into your arms again
We're slipping to the danger zone

Just tell me if you want me cause I ain't no mindreader
Baby ooh
Don't give it to me easy honey love me 'til it hurts
Baby ooh

We're spilling all over the floor
There's no one else I'm waiting for

Just tell me if you want me cause I ain't no mindreader
Baby ooh
Don't give it to me easy honey love me til it hurts
Baby ooh

You know that I know that you know I need ya, baby
You know that I know that you know I need ya, baby

Cause my bleeding heart is open
For you alone
My bleeding heart is open
Come take me home

Just tell me if you want me cause I ain't no mindreader
Baby ooh
Don't give it to me easy honey love me til it hurts
Baby ooh

Just tell me if you want me cause I ain't no mindreader
Baby ooh
Don't give it to me easy honey love me til it hurts
Baby ooh
