

# Myth

Ella Vos

Drifting in and out  
You see the road you're on  
Came rolling down the cheek  
Say just what you need  
In between, it's never as it seems

Help me to name it  
Help me to name it

If you built yourself a myth  
You'd know just what to give, oh  
What comes after this  
Momentary bliss  
Consequence of what you do to me

Help me to name it  
Help me to name it

Found yourself in a new direction  
Arrows falling from the sun, oh oh  
Canyon calling, would they come to greet you?  
Let you know you're not the only one

Can't keep holding on+  
To all that's dead and gone  
If you built yourself a myth  
You'd know just what to give  
Materialize  
And let the ashes fall

Help me to name it  
Help me to name it  
Help me to name it  
Help me to name it
