Elle King

Rip the pages from my bible  
Just to feel when I was alive  
And the key to my survival Is a quiet in my sides tonight  
No no no no  
No no no no

I don't want nobody to save me  
It's just easier this way  
And all the heroes want to cage me  
And I just want to fly away

The endless echoes of the lonely  
Only seem to know my name  
There is no such thing as being home free  
Cuz you can't go back the same  
No no no no no  
No no no no no

Ohhh Ohhh Ohhh Home free (2x)
