

# Kocaine Karolina

Elle King

Kocaine Karolina down to your bones  
Fireworks in your heart make it far from home  
Every morning you wake up alone just the same  
Who would wanna live longer anyway

Oooooo  
Easy days will come  
When you rest your heavy soul  
Oooooo  
Easy days will come  
When your hard living is done

Poke your skinny spirit to keep a man  
Whats left of your flesh slipped from his hand  
Lonely looking eyes have done you wrong  
Don't waste a way until your gone

Oooooo  
Easy days will come  
When you rest your heavy soul  
Oooooo  
Easy days will come  
When your hard living is done

Oooooo  
Easy days will come  
When you rest your heavy soul  
Oooooo  
Easy days will come  
When your hard living is done

Kocaine Karoline  
Your down to your bones  
Don't waste away until your gone  
Don't waste away until your gone
