Jumping in my Rover, I'm coming over (2x)
Hit you at 8 then you better be awake by 9
Alright... if I say I'm on the way better put away your little nightgown
Girl, if you hit me at 10 you gon need a trench coat for a times
Cool and not really my style
But I arrive, I rose with no flaw

Boy I'm coming over
Leave your key under the door
I can't tell you when
But maybe sometime after 4
Save your energy, gonna need it
You can rest assured
I'm gonna make you feel like you never touched a girl before

When I come over tonight
When I come over tonight

Want you to give me the love that I need
Gonna make you sweat, I'm gonna make you work for me
See I'm your lady but tonight I'll be your freak
Jumping in my Rover, I'm coming over

Jumping in my Rover (I'm coming over)
Jumping in my Rover (I'm coming over)
Jumping in my Rover, I'm coming over
(Jumping in my Rover, I'm coming over)

Grab me by my dress
And slowly tear it at the scene
Throw me on the bed
And baby I'll try not to scream
I get so excited when you take control of me
Show me all the ways I can go ahead and fulfill your fantasy

When I come over tonight
When I come over tonight

Want you to give me the love that I need
Gonna make you sweat, I'm gonna make you work for me
See I'm your lady but tonight I'll be your freak
Jumping in my Rover, I'm coming over

Jumping in my Rover (I'm coming over)
Jumping in my Rover (I'm coming over)
Jumping in my Rover, I'm coming over
(Jumping in my Rover, I'm coming over)

We can do it fast
We can do it slow
Baby what you want?
Baby let me know
Give it to me now
Take me on a ride
Everywhere we go
Gonna keep you up all night

Wale tho! Let's get it

Kiss bellow, I bet them toes curl up
Can I take a swim in here tho?
Couple strokes to the shore shows ah
Now you got a nigga hittin yo phone
I'm tryna get you to go
Know I'm doin the most, telling let me get them all
Just like (krookity blookity)
Is it getting me closer?
Was the chorus too slow?
Just know I'm feeling yo vibe
Man I give you ride, that's when that feeling arrive, I get as low as a lie
Wanna know when I go up inside you go as high as Mariah
This is how you know it's time to swing about
Worried what you wearin and what you doin to use the same reply
Let's ride
Stop
Why?

(Jumping in my Rover, I'm coming over)

Jumping in my Rover
Jumping in my Rover...
I'm coming over...
