

# Cherry On Top

Ellen Krauss

You can hold my hand  
Cause like  
You don't drive a stick  
Nor do I  
N' this shit's automatic

We can take it far  
If we like. Hmmm  
Anything you want  
We'll buy. Hmmm  
N' I'm not dramatic

No I'm not dramatic...

You and me the cherry on top  
You're in everything I see  
You and me this summer won't stop  
Come on and complete me

When we played that game  
You were right. Hmmm  
Told you you were wrong  
I lied. Hmmm  
Stopping by the road  
For a bite. Hmmm  
To avoid the traffic

We'll avoid the traffic...

You and me the cherry on top  
You're in everything I see  
You and me this summer won't stop  
Come on and complete me  
Come on and complete me

You can hold my hand  
Cause like  
You don't drive a stick  
Nor do I  
This shit's automatic  
We can take it far if we like

You and me the cherry on top  
You're in everything I see  
You and me this summer won't stop  
Come on and complete me

You and me the cherry on top  
You're in everything I see  
You and me this summer won't stop  
Come on and complete me  
Come on and complete me  
Come on and complete me
