

Easy

Ellen Krauss

You make it so easy
Love the way you teach me

I've been fed up
Talking but I kept on thinking
'Bout what could be
Weightless drifting
Felt like I was slowly sinking
Used up my love
Forgot what I was missing
But now I know
Cause

You
You make it so easy
Calling it a dream come true
Love the way you teach me
Things I thought I knew

Cherry cola
I'm the only one that knows ya
Use me my love
Touch me slowly
Every part of this, you own me
Skating thin ice
Be careful what you wish for
Yeah, I know
Cause

You
You make it so easy
Calling it a dream come true
Love the way you teach me
Things I thought I knew

Check me in
Check me out
Call me back
No don't say that I was giving it up
Check me in
Check me out
Call me back
No don't say that I was giving it up
Knew what I was missing
Knew what I was missing
Knew what I was missing
Knew what I was missing
