

# Right?

Ellen Krauss

Slow down and unwind  
God knows I got a lot on my mind  
Play games in the sand  
I want a book and a drink in my hand  
Take that in a week  
Copacabana and no shoes on my feet

Sleep in all day  
Something's on the TV that's okay  
And if you want me I'll stay  
I've got nowhere to be now anyway but

I wanna hide  
When I'm lonely in my mind  
But you love me  
So you need me  
Right?  
N' I wanna try  
If it takes a little time  
And you love me  
Wouldn't leave me  
Wouldn't leave me right?

I'm drunk half the time  
You already told me it's the saddest rhyme but  
I do the best I can  
One day at a time and you understand  
I need what you, you know but

I wanna hide  
When I'm lonely in my mind  
But you love me  
So you need me  
Right?  
N' I wanna try  
If it takes a little time  
And you love me  
Wouldn't leave me  
Wouldn't leave me right?

Wouldn't leave me  
Never leave me right

And you love  
So you need me  
And you love  
So you need me  
And you love  
So you need me  
And you love  
So you need me  
So you need me right?

Yeah you need me right?  
So you need me right?

If it takes a little time

And you love me  
Wouldn't leave me  
Wouldn't leave me right?
