

Silver Spoon

Ellen Krauss

Silver spoon in hand
He was born a ladies man
And naturally confronted me
About who I am
I know where I'm from
And it doesn't turn you on
And naturally I'm supposed to be
Blown away by his presence

Anyway
Stay, stay
And naturally we're not meant to be
But stay

I need a shadow
To watch my broken back
Just in case, oh
Oh, this love ends in heartattack

Anyway
Stay, stay
And naturally we're not meant to be
But stay
Stay
And naturally we're not meant to be
But stay

Hmm
He was born a ladies man
Aah
Born a ladies man

Anyway
Stay, stay
Naturally we're not meant to be
But stay
Stay
And naturally we're not meant to be
But stay
Stay
