

# OVERFLOW

Elley Duhé

Sensing your presence  
Feels like a flame  
Can you hear my body  
I think that it's crying your name  
I get a rush  
It's so insane  
I find myself somewhere out of space

I fantasize  
Laying in your arms  
Feels like I could die  
Hopefully, I'll survive

It feels like I'm swimming  
You left me with a river full of feelings  
It's overflowing with your love in it  
I can't get out I can't get out  
Oooooo ooooo

Flow ooo ooo  
Can't control oo ooo  
Takes a hold of me  
It takes a hold of me  
Oh takes a hold of me  
It takes a hold of me

Touch of your kiss feels like rain  
I disarmed your heart it was tangled in chains  
You left the room but the feeling remains  
I'm losing myself I'll spill out in waves

I fantasize  
Laying in your arms  
Feels like I could die  
Hopefully, I'll survive

It feels like I'm swimming  
You left me with a river full of feelings  
It's overflowing with your love in it  
I can't get out can't get out oooooo ooooo

Flow ooo ooo  
Can't control oo ooo  
Takes a hold of me  
It takes a hold of me  
Oh takes a hold of me  
It takes a hold of me
