

SAVIOR

Elley Duhé

In the dead of the night
In the heart of my chest, you hide
And we could never die
Forever you are mine

And oh, you say that I am afraid
Yeah, I dive deep
And oh, you say that I am afraid
Yeah, I dive deep

Head, feet down
Drowning in the water
I'm gonna be there to save ya
If you're head, feet down, yeah
Drowning in the water
I'm gonna be there to save ya
Yes, every day
Yes, every night
I know that we will save us
Yes, every day
Yeah, every time
This is what they meant by saviors

Never alone
Never forget
Stay and you'll know
Stay for the plot
Yeah, in the end, we'll get it right
Time ticking on, but forever you're mine

And oh, you say that I am afraid
Yeah, I dive deep
And oh, you say that I am afraid
Yeah, I dive deep

Head, feet down
Drowning in the water
I'm gonna be there to save ya
If you're head, feet down, yeah
Drowning in the water
I'm gonna be there to save ya
Yes, every day
Yes, every night
I know that we will save us
Yes, every day
Yeah, every time
This is what they meant by saviors

And oh, you and I
Oh, we could never die
And oh, you and I
Oh, we could never
We could never

Head, feet down
Drowning in the water
I'm gonna be there to save ya

If you're head, feet down, yeah
Drowning in the water
I'm gonna be there to save ya
Yes, every day
Yes, every night
I know that we will save us
Yes, every day
Yeah, every time
This is what they meant by saviors
