

# Aftertaste

Ellie Goulding

Hold me like nobody else does  
Do I get the best of your love?  
Even when our bodies are drunk  
Is it me you're stumbling from?  
Forget the words that you said  
With your fingers spell out my name  
Take away the sky in our breath  
Remember love is a game, love is a game

Don't break, don't fade  
While we're not real, we're never too late  
Make time, it won't hurt  
Said I'll go now, but you said it first

I know there's nothing that I can do to make you stay  
But one thing I know that will always remain  
And that's the aftertaste  
The aftertaste  
The aftertaste  
The aftertaste  
The aftertaste

In the midst I'm seeing your face  
And I can't believe this is fake  
Blow the blossom into your room  
As you throw me in disarray  
There's a button that I need to press  
There's a face that I need to kiss  
Come on, give me your heart and your head  
Make you conscious never resist, never resist

Don't break, don't fade  
While we're not real, we're never too late  
Make time, it won't hurt  
Said I'll go now, but you said it first

I know there's nothing that I can do to make you stay  
But one thing I know that will always remain  
And that's the aftertaste  
The aftertaste  
The aftertaste  
The aftertaste  
The aftertaste  
I know there's nothing that I can do to make you stay  
But one thing I know that will always remain  
And that's the aftertaste  
The aftertaste  
The aftertaste  
The aftertaste  
The aftertaste  
The aftertaste  
The aftertaste  
The aftertaste
