

# Like A Saviour

Ellie Goulding

Sleep with my shadow  
Tryna find my faith in tomorrow  
Tired of holdin' on to the memories  
How I used to bleed for love (For love)  
Got sick of the battle  
Gave myself a heart made of metal  
Calling out for someone to rescue me  
Then you danced into my life (Oh)

Beautiful visions come to me  
And they stay forever and ever  
Electric feelings keep me dreamin'  
I won't let go, oh-whoa, oh-whoa

Spinnin' in your starlight  
You got the power to ease my mind  
You're leadin' me out of the dark  
Like a saviour  
Shinin' in my soul, oh-whoa, oh-whoa

Like a saviour  
Out of the dark  
Like a saviour  
Out of the dark

Shot with your arrow  
Suddenly, I feel I can let go  
Of all the insecurities weighin' me down  
Now I'm ready to drown in you, you

Beautiful visions come to me  
And they stay forever and ever  
Electric feelings keep me dreamin'  
I won't let go, oh-whoa, oh-whoa

Spinnin' in your starlight  
You got the power to ease my mind  
You're leadin' me out of the dark  
Like a saviour  
Shinin' in my soul, oh-whoa, oh-whoa  
Spinnin' in your starlight  
You got the power to change my life  
You're leadin' me out of the dark  
Like a saviour (Like a saviour)  
Shinin' in my soul, oh-whoa, oh-whoa

Like a saviour (Like a saviour)  
Out of the dark (Out of the dark)  
Like a saviour  
Out of the dark (Oh, out of the dark)

Oh, spinnin' in your starlight  
You got the power to ease my mind  
You're leadin' me out of the dark  
Like a saviour  
Shinin' in my soul, oh-whoa, oh-whoa

Spinnin' in your starlight  
You got the power to change my life  
You're leadin' me out of the dark (You're leadin' me out of the dark)  
Like a saviour (Like a saviour)  
Shinin' in my soul, oh-whoa, oh-whoa

Like a saviour (Like a saviour)  
Out of the dark (Out of the dark)  
Like a saviour (Like a saviour)  
Out of the dark (Oh, out of the dark)
