

Worry About Me

Ellie Goulding

You can worry 'bout this
You can worry 'bout that
You can worry 'bout she
You can worry 'bout this
You can worry 'bout that
You can worry 'bout she

Baby, you don't gotta, you don't gotta worry, worry about me
Lately, I don't think, I don't think about you, feeling so free
Been jumpin' through hoops to get under you, but now I'm cool
Baby, you don't gotta, you don't gotta worry, worry about me

Been havin' good times
Been havin' late nights, yeah
And then you called me
Ask if I'm alright, what the hell?
Saying that you care about me
But you just wanna be in my head 'cause you're lonely
I thought I needed you to feel safe
But now that I've been through it I'm stuck in a good place

Ooh, why you tryna put me in a different mood?
Just because I'm still out seein' someone new?

Baby, you don't gotta, you don't gotta worry, worry about me
Lately, I don't think, I don't think about you, feeling so free
Been jumpin' through hoops to get under you, but now I'm cool
Baby, you don't gotta, you don't gotta worry, worry 'bout me

You can worry 'bout this
You can worry 'bout that
You can worry 'bout she
Don't worry 'bout me
You can worry 'bout this
You can worry 'bout that
You can worry 'bout she
Don't worry 'bout me

She say "Why you gotta hit me on some "I don't know" shit?"
I am not your property who led you to that notion
Action speakin' louder than whatever you been smokin'
You don't got try and fix somebody that ain't broken, no
And you don't gotta worry where I'm at or where I'm goin'
Somewhere by my lonesome
Somewhere by the ocean
She can feel her nose lose
Oh, shit, the way you kill my vibe is so atrocious, it's bogus
I blocked you 'cause I don't live in the past, live in the moment
Last time that you hit me up, I wrote this

Baby, you don't gotta, you don't gotta worry, worry about me
Lately, I don't think, I don't think about you, feeling so free
Been jumpin' through hoops to get under you, but now I'm cool
Baby, you don't gotta, you don't gotta worry, worry about me

You can worry 'bout this
You can worry 'bout that

You can worry 'bout she
Don't worry 'bout me
You can worry 'bout this
You can worry 'bout that
You can worry 'bout she
Don't worry 'bout me
