

I Want to Be Free

Ellie Holcomb

Roll away this stone
Roll away this sorrow
And take away this pain
That I've been holding on to, yeah
'Cause I want to be
Like the birds all singing in the trees
Oh, Lord, I want to be free

So take away this fear
Take away this doubt and
Let me know that You're here
That You're not going anywhere, yeah
'Cause I want to be
Like the fish all swimming in the sea
Oh, Lord, I want to be free

'Cause I want to be
Like the children playing in the breeze
Oh, Lord, I want to be free
Oh, my Lord, come and set us all free
