

# Mine

Ellie Holcomb

I remember the first time  
You wrapped your tiny hand in mine  
How could I forget  
I held you there upon my chest  
Heart to heart, and breath to breath  
How could I forget

Before I held you, I knew I loved you  
Before I saw you, I was sold out for you  
I was writing lullabies  
Before I ever heard your cry  
I've been here the whole time  
You always have, you always will be mine

Step by not-so-steady step  
Holding up your arms again  
How could I forget  
It wasn't when you got it right  
I was cheering all the time  
I will be 'til the end

Before I held you, I knew I loved you  
Before I saw you, I was sold out for you  
I was writing lullabies  
Before I ever heard your cry  
I've been here the whole time  
You always have, you always will be mine

You're mine  
I'm not too busy  
I'm not in a hurry  
Slow down, just breathe  
And lean right into me

Before I held you, I knew I loved you  
Before I saw you, I was sold out for you  
I was writing lullabies  
Before I ever heard your cry  
I've been here the whole time  
You always have, you always will be mine

And through the nights when you're afraid  
I will be your safest place  
I will lift your head  
And I won't let you forget
