

About Time

Elliot Moss

I do like this it makes me feel nice
I do like this it makes me shine
I do like this it makes me feel bright
I do like this it makes things alright

It's about time
It's about time

I do like this it makes me feel nice
I do like this it makes me shine
I do like this it makes me feel light
I do like this it makes things alright

It's about time
It's about time

I do like this it makes me feel nice
I do like this it makes me shine
I do like this it makes me feel bright
I do like this and I think you were right

It's about time
It's about time
