

Untroubled Mind

Elliot Moss

Is it looking at me, or is it looking at you?

If you woke up from a bad dream
And no one's there to hear you scream
Do you even make a sound?
Do you make a sound at all?

If you woke up from a bad dream
Would you even tell me?
Are you sure that you're sleeping?
Describe what you see

Cause I think I might see it, too
Is it looking at me or you?
Cause I think I might see it, too

Is it looking at me or you?

Is it looking at me, or is it looking at you?

If you woke up from a bad dream
And no one's there to hear you scream
Do you even make a sound?
Do you make a sound at all?

I cannot slow my troubled mind
It goes to places I could never find
If there's something watching you
Close your eyes
And I'll close mine, too

Cause I think I might see, too
Is it looking at me, or is it looking at you?

If you woke up from a bad dream
Would you even tell me?
Are you sure that you're sleeping?
Describe what you see
