

# All I Know

Elliphant

Get it, oh, yeah, yuh  
Get it, hey  
Excuse me, hello

I wish I lived in Papua, high up in a tree, yeah  
Smoking on a doobie, sipping jungle honey  
But I don't have my pigeon in a concrete cocoon  
I'm [?] just to die when I find it  
I'm a mutt in denial, took my wings, spread that love  
It make you [?] donkey, donkey, monkey  
[?] make a mess, hello, excuse me?  
I'm not sorry, but you don't understand, get it?

It's all I know  
That my bones are made from dead dinosaurs and stars  
That my blood is red from dead dandelions' hearts  
That my skin is soft as silk from a spider's arse  
That's all I know, that's all I know

Just let me peel you like a bananana  
Yeah, I feel it in my gut, you forgot the gutter  
Forgot how we got here, forgot to remember  
We are words in this end, we all alien  
So let me sleep with the lions and I pray to Orion  
While I stay till the sun rise over the horizon  
And I hunt [?] catching my time  
Lock it in a picture that I'm working on

It's all I know  
That my bones are made from dead dinosaurs and stars  
That my blood is red from dead dandelions' hearts  
That my skin is soft as silk from a spider's arse  
That's all I know, that's all I know

All I know is I don't know  
All I know, I don't know nothing at all  
All I know is I don't know  
All I know, I don't know nothing at all  
Sorry not sorry, I have no answer to anything  
Not sorry, if I confuse you and change again  
Not sorry, like I don't know who I am  
I'm not sorry, like you don't understand, get it?

It's all I know  
That my bones are made from dead dinosaurs and stars  
That my blood is red from dead dandelions' hearts  
That my skin is soft as silk from a spider's arse  
That's all I know, that's all I know
