

Could This Be Love

Elliphant

If I die
Right here
In the autopsy all they find in me will be toast and tears
Yeah, I been blind
Now I fear
All those times I was with you
You weren't there

'Cause you are an emotion (Oh-ah, pa)
Caught up in the frozen (Oh-ah, oh-ah)
Ice upon the lonesome (Oh-ah, pa)
Lake on Mars (Oh-ah, oh-ah)
I try to crack you open (Oh-ah, pa)
Tell me how to get in (Oh-ah, oh-ah)
Sinking into a feeling (Oh-ah)
They call love

Could this be love?
Could this be love?
'Cause tonight I got drunk before everyone else
Walked home alone now all I wonder is
Could this be love?
Can it be love?
Could this be everything everyone look for?
Well, I don't know anymore
Could this be love?

I chain smoke for days
While crying too, I would die for you and purple rain
No, I'm not mad, I'm insane
Amy was right that love is just a losing game

I try to crack you open (Oh-ah, pa)
Tell me how to get in (Oh-ah, oh-ah)
Sinking into a feeling (Oh-ah, pa)
They call love

Could this be love?
Could this be love?
'Cause tonight I got drunk before everyone else
Walked home alone now all I wonder is
Could this be love?
Can it be love?
Could this be everything everyone look for?
Well, I don't know anymore
Could this be love?

Drink that rye
And cry
While watching every YouTube clip I find on
Cute puppies
Oh, how the try
But they can't put a smile upon my face tonight

I'm sad
I'm not smiling
I'm sad

I'm not smiling
I'm sad
I'm not smiling
So could this be love?

Could this be love? (I don't think so)
Could this be love? (I don't think so)
'Cause tonight I got drunk before everyone else
Walked home alone now all I wonder is
Could this be love? (I don't think so)
Can it be love? (I don't think so)
Could this be everything everyone look for
Well, I don't know anymore

Could this be love? (I don't think so, I don't think so)
Could this be love? (I don't think so)
Can it be love? (I don't think so)
Could this be love?
I don't think so
I don't think so
No more
No, no, no
No
