

# Revolusion

Elliphant

My surroundings taint my brain  
I'm just a city kid who fought a lot  
Just one distraction will show the pain  
From this a sugar rush in cold game

I'm here to do revolusion  
This is a date, not lookin for a home  
But for a place to die  
Do you dare to be scared in this G?  
Then you one of me, tonight

Get one foot in, keep one foot out  
It's all about us rumble and shout  
Now! Now! Now! Now!  
Revolusion!  
Now! Now! Now! Now!  
Revolusion!

Revolusion! [x3]  
Say! Say! Say!  
Revolusion! [x7]

I got all to give what you lose  
In this my body hmm, is a proof of your fire  
Look at me I am a teen wolf, playing in the green  
We're alone among friends and lick our broken dreams

Get one foot in, keep one foot out  
It's all about us rumble and shout  
Now! Now! Now! Now!  
Revolusion!  
Now! Now! Now! Now!  
Revolusion!

Revolusion! [x2]  
Say! Say! Say!  
Revolusion! [x2]
