

Want It

Elliphant

got some funky functions worth mention, man, got that thick feelin' no more lonesome, come with good come with bad man i'm a open for u truly, we gon run them - run them, all ma hidden caves u gon investigate, all ma hills n walleyes full of cold faith, if u want ma frozen, feelin' better or for worse, we gonna rebirth, rebirth, down darkness is, the start light is what u get, love no fall apart full of blood piss n sweat, come na make it juicy make me wet, got me got one more of u, up for it!

don't tell me u na want it
u gon see u gon want it
even if u bleed u gon want it
even when it stinks boy u want it
don't walk away when u want it
don't hang up cos u want it
even when u starve u gon want it
even when u brake boy u want it
u want it 1 (break)

soon are blissed hover go long gone n, u gon get used to how me feel man, give me hard give me soft, go fly on feelings more based on companion, we runnin' in a deep end, all ma hidden caves u gon investigate, all ma hills n walleyes full of cold faith, if u want ma frozen, feel in better or for worse, we gon rebirth, rebirth

don't tell me u na want it
u gon see u gon want it
even if u bleed u gon want it
even when it stinks boy u want it
don't walk away when u want it
don't hang up cos u want it
even when u starve u gon want it
even when u brake boy u want it
u want it 1 (break)
