Sing me a song, this is where I belong
Where I belong, where I belong
But we were so young, so let's stay strong
Let's stay strong, and carry on

Sing me a song, this is where I belong
Where I belong, where I belong
But we were so young, so let's stay strong
Let's stay strong, and carry on

Sing me a song, this is where I belong
Where I belong, where I belong
But we were so young, so let's stay strong
Let's stay strong, and carry on

Sing me a song, this is where I belong
Where I belong, where I belong
But we were so young, so let's stay strong
Let's stay strong, and carry on
