La-la-lalala  
La-la-lalala  
La-la-lalala  
La-la-lalala

I got a dollface, pretty  
And he loves it  
God, I'm tied to a string  
Like a puppet  
Now he's down on his knees  
And he's begging me please  
And there's nothing on TV, so fuck it

Pink on his cheek, yeah, gon' leave a lil' lipstick (mwah)  
Girl of his dreams, he should be more realistic  
Pure nicotine, once you get it then you miss it  
(You'll miss it, you'll miss it)

One shot, two shot, oops I did it again  
My bubblegum I'm stuck in your head  
Left you on read, left you for dead  
And you still obsessed  
La-la-lalala

I've got a dollface, he wanna get lucky (as if)  
I'm tied on a leash like a puppy  
Give him the blushest cheeks  
He's so nervous for me  
So I give him a treat, it's funny (bye-bye)

Pink on his cheek, yeah, gon' leave a lil' lipstick (mwah)  
Girl of his dreams, he should be more realistic  
Pure nicotine, once you get it then you miss it  
And you'll never forget it

One shot, two shot, oops I did it again (Did it again)  
My bubblegum I'm stuck in your head  
Left you on read, left you for dead  
And you still obsessed  
Three shot, four shot, oops I did it again  
Can't help myself, I'm under your skin  
Left you on read, left you for dead  
And you still obsessed

La-la-lalala  
La-la-lalala  
La-la-lalala  
La-la-lalala  
Ahhhhh (La-la-lalala)  
Ahhhhh (La-la-lalala)

I got a dollface, pretty  
And he loves it
