

# Masochist

Ellise

Save me, take me  
Wanna go places that I've never been  
Watch me tradin'  
My peace of mind for the touch of a skin

He's pickin' roses for the funs  
He asked me, asked me  
Crazy, made me  
Follow him straight to the end  
Dyin', I'm tryin' to keep his attention

My baby's a freak, yeah  
And I'm a masochist  
I'm stuck in his teeth, yeah  
There's poison on his lips  
'Cause the bad ones love you better  
And nothing lasts forever  
My baby and me, sugary sweet  
Cuttin' me deep  
Call me a masochist

Pressure, pullin'  
Take me apart then we crash to the ground  
Good things, took things  
A little too far but I like it how

He's dyin', he's tryin' to keep my affection

My baby's a freak, yeah  
And I'm a masochist  
I'm stuck in his teeth, yeah  
There's poison on his lips  
'Cause the bad ones love you better  
And nothing lasts forever  
My baby and me, sugary sweet  
Cuttin' me deep  
Call me a masochist

It's bitter and sweet, always pretty and mean  
Had a dream I was fallin' in flowers  
My word, it seems, all the petals are pleadin'  
They weaver, I'm pleadin' for hours

I'm dyin', I'm tryin' to keep his attention  
He's dyin', he's tryin' to keep my affection

My baby's a freak, yeah  
And I'm a masochist  
I'm stuck in his teeth, yeah  
There's poison on his lips  
'Cause the bad ones love you better  
And nothing lasts forever  
My baby and me, sugary sweet  
Cuttin' me deep  
Call me a masochist
